

# HEVA FAQ'S

## **What does HEVA do?**

HEVA was first started to address the sustainability of the cultural and creative industries in the region by providing an innovative financing solution for creative enterprises. Today, we fuel the growth of Africa's cultural and creative industries by providing investment solutions to businesses, advisory services, industry insights and knowledge, learning and capacity-building resources, and grant management services.

## **How can HEVA support me and my creative business?**

These main ways that you can engage with HEVA to access opportunities, enhance your knowledge and skills, and grow your business. You can apply for available [investment](#) and [funding](#) opportunities, access resources designed for creative practitioners and business owners, engage with generated industry [insights](#), learn about upcoming opportunities, news, updates, and other notable business in the CCIs via our monthly newsletter - sign up at the bottom of this [page](#).

## **In which countries does HEVA operate?**

We continue to work with a growing network of creative industry practitioners and business owners across the African continent in partnership with investors and benefactors from around the world. We have successfully invested in businesses and executed projects in 14 African countries: Burundi, the Comoros Islands, Djibouti, Eritrea, Ethiopia, Kenya, Madagascar, Mauritius, Rwanda, Seychelles, Somalia, Sudan, Tanzania and Uganda.
